FOR THE ACADEMIC YEAR

1883-84

# Trinity College

This College has no medical, law, divinity or other professional school or department connected with it; but is intended to give a Liberal Education, adapted to fit young men to enter most advantageously upon the study of the Learned Professions after graduation. By a Liberal Education is meant a non-professional education conducted without reference to any future particular profession, calling or special pursuit on the part of the student in question, and designed not to make men specially clergymen, lawyers, physicians, soldiers, merchants or engineers, but so to train and educate the mental faculties as to put them into their most efficient condition, and to qualify a student to enter with success upon the study of any of the professions, or upon any other pursuit in life. Its course of study is similar to that pursued at Harvard, Yale and other leading Colleges, but somewhat more conformed to that of Oxford and Cambridge, and leads to the degree of Bachelor of Arts.

Those students, however, who wish to obtain simply the degree of Bachelor of Science can do so by taking the whole of the regular course except the Greek, and in addition certain prescribed scientific studies. Special students are also sometimes received, who are allowed to pursue their studies without reference to any degree.

## EXPENSES

After Commencement, 1884, the amount of the Treasurer's bills each year will be as follows:—

Tuition (Christmas Term, \$40; Trinity Term, \$60),	-	-	-	-	\$100.00
Room-rent for each person,					
\$100.00, \$75.00, \$60.00, \$50.00, \$30.00, or (with scholarship),					25.00
Incidentals,	-	-	-	-	30.00
Heat,	-	-	-	-	12.50

Total, \$242.50, \$217.50, \$202.50, \$192.50, \$172.50, or - - \$167.50

The cost of board for 36 weeks at \$4.50 or \$5.00 per week is \$162.00 or \$180.00. To this must be added laundry charges, together with the expense of books, furniture, clothing, travel, and society fees, which vary according to the taste and habits of the student, and of which no estimate can be given.

## SCHOLARSHIPS

The amount of the Treasurer's bill can be considerably reduced to holders of scholarships. The scholarships vary in value, some remitting the charge for tuition, and others both the charge for tuition and that for room-rent in whole or in part, while others yield a cash income. These scholarships are not limited to those studying with a view to any special profession. The Toucey scholarships, for students for the ministry, are awarded after competition. For sons of clergymen of limited means there are special scholarships.

For holders of scholarships remitting the entire charges for tuition and room-rent, the Treasurer's bill is reduced to \$42.50; and the necessary expenses of such students, including board and other personal items, will not exceed \$250 or \$300 a year.

Application for any scholarship should be made in writing to the President by the parent or guardian, at or before the beginning of the term in which the student intends to enter.

#### EXAMINATIONS FOR ADMISSION

Two Examinations for admission are held at the College in each year: The first, in Commencement-Week; and the second, immediately before the beginning of Christmas Term.

In 1884 the order of Examinations will be as follows:—

JUNE.	SEPTEMBER.
Monday, June 23d, 2 P.M., Greek.	Tuesday, September 9th, 8:30 A.M., Greek; 2 P.M., Latin.
Tuesday, June 24th, 8:30 A.M., Latin; 2 P.M., Mathematics.	Wednesday, September 10th, 8:30 A.M., Mathematics; 2 P.M., English.
Wednesday, June 25th, 8:30 A.M., English.	

Examinations for admission will also be held on the specified days of June in New York, Philadelphia, Pittsburgh, Chicago, and San Francisco, and in other places, due notice of which will be given.

*Commencement is Thursday, June 26, 1884.*

#### ROOMS AND BUILDINGS

The new buildings were commenced in 1875. They are thoroughly drained, well ventilated and unsurpassed for convenience and comfort. In 1881 the Northam gateway was begun, and the western side of the great quadrangle is now completed. Easy access from the city is secured by means of street-cars running to the College grounds. An excellent athletic ground is provided for ball playing and other out door sports; there are also several tennis courts, and a gymnasium. The rooms are arranged so as to provide for two students rooming together, a common study and separate bed-rooms. They are heated by steam, and lighted by gas, and ventilation is secured by open fire places. Water is carried to every floor. By means of special scholarships the charges for room-rent are brought within the reach of all the students.

The site of the buildings is remarkable for its healthfulness.

#### CATALOGUES

Catalogues and Examination Papers may be had on application to the Secretary of the Faculty. For Scholarships and general information, application should be made to the President, George Williamson Smith, D.D.

## EDITORIAL

---

WE herewith present the twelfth number of the IVY. In its preparation we have aimed at as high a degree of accuracy as possible. A publication like the IVY, which is not largely composed of senseless student jokes and pictures supposed to be funny, gives but little scope for originality. Recognizing this fact, we have adopted the general plan of former issues, introducing such improvements here and there as suggested themselves. Instead of the usual picture of the board of editors, for a frontispiece, we give a portrait of the late Prof. E. E. Johnson, believing that our readers would prefer a likeness of this much loved professor at Trinity, to that of a few of the students, who have enjoyed his instruction.

We have to record the occurrences of an exceedingly eventful year at Trinity. In this short time have been crowded more changes in our Faculty, than would ordinarily take place in many years. Our new President, The Rev. Geo. Williamson Smith, D.D., who began his duties last September, has already made an enviable reputation both among the alumni and the students. The chair of History and Political Science, established by our generous benefactor, Mr. Charles Northam, is filled by The Rev. Henry Ferguson, M.A. There were other changes in the Faculty, at the beginning of last Christmas Term: The Rev. Samuel Hart, M.A. became Professor of Latin; L. M. Cheesman, Ph.D., Professor of Physics; The Rev. Flavel S. Luther, M.A., Professor of Mathematics and Astronomy. The Rev. John J. McCook, M.A. is instructor in Modern Languages, and Charles F. Johnson, B.A., in English and Rhetoric.

It is with pleasure that we notice the increasing interest in the College on the part of our alumni, which shows itself not only in their enthusiastic meetings but also in a more substantial way, for they are now raising a fund for the benefit of the several departments of instruction, and the Physical Laboratory already shows that they remember their *alma mater*.

In Athletics, we have to chronicle two Inter-collegiate Tennis Tournaments, both held on the Retreat grounds, in Hartford, and both successes. Two College Tennis Tournaments also have been held, one before each of the above. The gymnasium is used much more than formerly and in a more scientific manner, for the majority of the students have been measured by Mr. Chase and take exercise under his direction. Nor, while on this subject, ought we to omit mention of the plucky athletic spirit shown by the present Freshman Class.

The Commons are running again and the eating clubs of last year are things of the past.

Trusting that our readers will pardon our mistakes, we now entrust the IVY to the Class of '86.

# LIBRARY OF TRINITY COLLEGE

LIBRARIAN

REV. J. H. BARBOUR, M.A.

ASSISTANT LIBRARIANS

F. W. RICHARDSON.

C. G. CHILD.

## THE PRESENT CONDITION OF THE LIBRARY

The number of volumes now in the Library, exclusive of duplicates and unbound miscellaneous pamphlets, is over 23,800. The increase during the past year has been unusually large. 1,338 volumes have been received from the Library of the late Joseph J. Cooke, of Providence; 868 from Mr. Junius S. Morgan; and smaller gifts from Mrs. Samuel Colt, the Rev. W. B. Pusey, and other friends of the College.

The books, purchased from the Alumni Library Fund, are chosen with special reference to furnishing the students with reading matter in connection with the various departments of instruction. The greater part of the 215 volumes, purchased from this fund last year, were works illustrating the Classics. The income for the two previous years was devoted to the purchase of books in the departments of Science, Art, and English Literature.

The Library is open daily. More than a thousand volumes have been taken out during the year; but the number of books used must have been much greater, since books of reference, periodicals, etc., are continually being consulted, without being taken from the room.

The Library is much used and greatly appreciated by the students. The following table shows that, in spite of the decrease in their numbers, for the past six years, there has been but little decrease in the use of the Library:
